

NONPROFIT CIVIL ASSOCIATION NIÑOS DE LA LUZ

FOUNDED IN 1995

Who We Are

We are a nonprofit civil association dedicated to transforming the lives of children living on the street or facing abandonment or risk.

Our purpose is to offer them a real opportunity for change through a comprehensive education that includes:

- ◆ Social-emotional and psychological support.
- ◆ Formal education and personalized academic reinforcement.
- ◆ Formation in Christian, moral and spiritual values.
- ◆ Well-rounded development through sports and recreation.

We operate under a foster-home model, where children grow up in a family environment until they are ready to integrate positively into society.

Our history and how we work

Origin: The project was born in response to the heartfelt concern of Jon and Shannon Haslett.

Track record: We have been operating since March 1995, thanks to the work of a valuable team of volunteers and hired staff.

Sustainability: Our work is sustained by the contributions of companies and individuals.

We are an independent Christian nonprofit organization.
We have the fraternal support of the Las Acacias Evangelical Pentecostal Church
and we are members of the Evangelical Council of Venezuela.

How do we provide well-being?

Every member of the Niños de la Luz family receives:

A safe home:

We cover their fundamental needs in an environment of harmony.

House rules:

Guidance to adapt to the family's rules of living together.

Education and support:

Each child is assessed to determine their academic level and given the support they need to enroll in a school.

We accompany our children and young people not only through childhood, but also as they prepare for independence, technical/professional training and the transition to adult life.

Comprehensive health:

Medical and dental care, with individualized follow-up by social workers, psychologists and educational psychologists.

**All of this within the framework of faith,
through a personal relationship with Jesus.**
